

Water at Work

WATER COOLER SERVICE

OASIS AQUARIUS

The Oasis Aquarius is one of our most popular point-of-use Water Coolers. It is reliable, robust and stylish. Dispensing up to 6 litres of chilled drinking water every hour using the most up to date cooling technology, it's patented cooling prob ensures an efficient cooling method, conserving energy and eliminating condensation within the cooler.

The Aquarius delivers up to 65 small cups worth of both chilled (below 10°C) and ambient drinking water per hour. With it's 2.2 litre reservoir you can rest assured that this Water Cooler can be placed in high traffic locations such as offices, kitchen areas, schools etc.
