WATER COOLER SERVICE

ARCTIC REVOLUTION 70

The AA Arctic Revolution 70 features a sleek, compact design which fits perfectly in small workspaces and kitchens.

It is a direct chill ambient and cold water cooler fitted with a FloodGuard inlet solenoid which protects against large scale flooding.

The water cooler also features touch pad buttons to dispense water. When cold water is dispensing the central droplet will flash in blue. For ambient water it will flash in grey.

Available in black & off white.
